EFTEC — YOUR DEDICATED PURCHASING AGENT!

EFTEC are pleased to introduce our total support procurement solution specially designed for the needs of private and commercial business jet operators.

WHAT DOES EFTEC GIVE YOU:

Founded 11 years ago, EFTEC has been in the business of supporting commercial and business jet airlines with the procurement, supply of spare Parts and technical support, whereby we have been engaged as a dedicated Purchasing Agent.

In the role as a dedicated purchasing agent EFTEC is involved as follows:

- Total support in the in the procurement, and delivery of spare parts support, including AOGs, Line Maintenance & C-Checks;
- Maintaining streamlined and consistent communication with airlines' procurement managers, engineers and technical departments;
- Respecting, understanding and working to the airlines' flight schedule and deadlines to maintain smooth operations;
- Ensuring the logistic solutions are designed to meet the airlines' deadlines and requirements;
- Fluent and consistent dialogue with OEMs and key suppliers to ensure consistency of high-quality Client service
- A well maintained and stocked warehouse structure to secure rapid despatch of spares and AOG support;
- Repair management programmes tailored to the Client's needs;

WHAT DO YOU GET:

- » Reduced operating costs;
- » Improved compliance;
- » Freight consolidation and cost-effective logistics services;
- » 24/7 rapid AOG resolution;
- » Effective home-base stock repair management.

AIRCRAFT TYPES:

By 2022 we supported over 40 active aircraft across the world of the following types:

- » MHI CRJ200;
- » Embraer Legacy;
- » Challenger 300 / 600 / 850;
- » Hawker 700 / 800 / 850XP / 1000;
- » Beechcraft King Air 300;
- » Global 5000/6000/XRS.

ADVANTAGES OF WORKING WITH EFTEC:

- Quality accounts with OEMs (BBD, MHI, Textron, Embraer) which have been developed over the years;
- In depth knowledge of our nominated aircraft spare parts supply markets;
- Negotiated volume discounts & special pricing from key suppliers to meet the airlines' targets;
- A comprehensive portfolio of efficient, and reliable, Freight Forwarders thereby providing the optimal delivery options to/from our warehouse facilities and suppliers globally;
- Our Own software designed specifically for processing large volume of orders;
- Well-trained teams, in Sales, Procurement and warehouse/distribution, with finely honed skills obtained from the experience of processing large volume orders and individual requirements;
- A detailed "Owned" inventory (over 4000 parts), available on request, located at our consolidation warehouse in New Jersey, USA.
- 24/7/52 weeks a year support.

If you need a \$240K aileron delivered to Seychelles with **AOG** priority.

If you do not have a purchasing department;

If you'd like to outsource your procurement;

If you feel that MROs are charging high for the parts;

If you have troubles with dealers & OEMs;

WE ARE HAPPY TO PROVIDE
QUICK & EFFICIENT SERVICES
TO KEEP YOU FLYING!
